AUTHANTICATION PROCESS

Any Apple iPod is programmed to challenge and check all accessories used and attached to it. Once docked into the speaker, it takes few moments to respond to that challenge. A message than will appear on your iPod. This process is called authentication. Always make sure that:

- Your speaker is on the "ON" position prior to docking your iPod
- Your iPod is on the "ON" position prior to placing it in the dock
- Your iPod is functioning properly and not frozen
- If your iPod displays an error message stating that the unit is not authorized,

- 1) Remove iPod from the docking station
- 2) Make sure the speaker is on
- 3) Make sure that the iPod is on and working properly
- 4) Dock your iPod to the speaker's station
- 5) Allow enough time for Authentication process

Enjoy a powerful and clear sound.
